As night bleeds into night, and I know I came off better than you
It doesn't mean that I feel better

And if I say I love you, then I love you
And if I say I love you, then I love you
And if I say I love you, then I love you
And if I say I love you, then I love you

[Bridge]

Show me your hands
Are they cleaner than mine?
Show me your face
Did you cross the line?
Show me your eyes
Any drier than mine?
Your soul survives
But peace you'll never find
