```
Go To The Light
Murder by Death
```

[Verse 1]

Bm Bm

A lonesome star in a bitter sky

Em Bi

I hear the hungry ghosts calling out in the night

Em Bm A Em

Just a couple victims of this brutal reprise

Em F#m Bm

Am I strong enough to let things just die?

[Chorus 1]

Em Bm

I fight and I fight

Em Bm

Just to keep the spark alive

Em Bm A Em

But if there s nothing on the other side

Em F#m Bm

Why can t I leave well enough alone and go to the light?

Go to the light

Bm

Go to the light

[Verse 2]

Bm Bm

A shadowy hand turns the page

Em Bm

A dark theatre, move across the stage

Em Bm

Teeth like a cone, scrape against the sky

Em Bm

Feelin alone in room full of life

Em F#m Bm

Stealing a few extra moments and fighting against time

[Verse 3]

Bm Bm

Pushed on and pushed aside

Em Bm

I ve changed my song to match each story, I ve changed sides

m F

Can I watch em as they fall when they finally try to stand

3m F#m

Redeem myself for everyone I ve buried with these hands?
