D **G** **D**

Running barefoot into the night

I got hair the color of a silkworm's dream

The prettiest little thing that you ever did see

They come running, they come running
G **A** **D**
Anything they can do, they clamor for me

(Ohhhhh) It never changes
G **Bm**
(Ohhhhh) But we carry the weight with us

Nobody running, nobody running

Nobody trying to explain

I wanna wake in the woods beside the lake, just

Resting my head, in some moss covered glen

They don t seem to know I m gone

The other girls and me resting under this tree

Are green with envy at the attention you draw
