lyrics

war is overdue
 but time has come for you
 to shoot your leaders down
 and join forces underground

lose control	(losing control)
and increasing pace	(increasing pace)
warped and we waste	(warped and we waste)
in time to erase	(crime to erase)
whatever they say	(ever they say)
these people are torn	(people are torn)
wild and bereft	(wild and bereft)

assassin is born (assassin is born)

yeh,woh,yehhh

pose and disagree
destroy demonocracy

lose control	(losing control)
and increasing pace	(increasing pace)
warped and we waste	(warped and we waste)
in time to erase	(crime to erase)
whatever they say	(whatever they say)
these people are torn	(people are torn)
wild and bereft	(wild and bereft)
assassin is born	(assassin is born)
