Dead Inside
Muse

Intro: (**Bm**)

```
Bm                        D
Reve-re a million pra-yers
      A                 Bm
And draw me into the holiness
                        D
But theres nothing there
            A
Light only shines
                    Bm
From those who share

Bm                        D
Unle-ash a million dro-nes
        A                 Bm
And confine me then erase me babe
                  D
Do you have no soul
                A             G
Its like it di-ed long ago

G       F#m                 Bm
Your lips feel warm to  the touch
          A                 G
You can bring me back to li-fe
      F#m               Em              G
On the outside you re ablaze and alive
        A
But you re Dead Inside!
```

(**Bm** **D** **A**) (2x)

```
Bm                            D
You re fre-e to touch the sk-y
        A                     Bm
Whilst I am crushed and pulverised
                        D
Because you need control
                A           Bm
Now I m the o-ne letting go

Bm                        D
You li-ke to give an in-ch
        A                 Bm
Whilst I am giving infinity
                          D
```

```
But now I ve got nothing left
                 A
You have no cares
              G
And I m bere-ft

G       F#m                    Bm
Your skin feels warm to  caress
         A              G
I see magic in your eyes
         F#m              Em                    G
On the outside your ablaze and alive
           A
But you re dead inside!

( Bm )

Ponte: Bm  G  D  A

Bm
Feel me now
 G
Hold me please
    D                    A
I need to see who I am
        Bm
Open up to me
         G
Stop hiding from me
         D
Its hurting babe
         A                    Bm
Only you can stop the pa-in
          G              D
Don t lea-ve me o-ut in the cold
          A                    Bm
Don t leave me out to die
             G
I gave you everything
              D
I can t give you anymore
                 A                    G
Now I ve become just like you

G    F#m                    Bm
My lips feel warm to  the touch
         A              G
My words seem so ali-ve
    F#m              Bm
My skin is warm to caress
           A              G
I ll control and hypnotise
                     F#m                    Bm
```

```
You ve taught me to lie without a trace
        A                    G
and to kill with no remorse
         F#m                   Em          G
On the outside I m the greatest guy
      A
Now I m dead inside!

( Bm )
