Muse

Intro: **Am Dm**

Am E Dm

Ignorance pulls apostasy and apathy still rules yeah you know it s cool
Just suck and see a future turn us into silent gods and i won t miss you at all
Fate can t decide alignment of the planets in your hands, come on crush our
plans

Just suck and see a future that won t let you disagree and i won t miss you at
all

F# Bb B Bm

Grounded boxed in like the evil in your veins
Grounded boxed in I am stuck with you
Feel it hear it apathy, see it be it you ll see
