Your golden lies feed my role  
In this forgotten space race under my control  
Who s returned from the dead?  
Who remains?

You wanted more than I was worth  
And you think I was scared  
And you needed proof  
Who really cares anymore?  
Who restrains?

I don t love you  
I never did  
I don t love you  
and I never will

Enjoy.
