Soldier's Poem
Muse

```
E       B7/E     A      Am
Throw it all away
        E      G#
Lets lose ourselves
               C#m       F#m
Cause theres no one left for us
   F#m           C#11/E          F#m
to blame its a shame we re all dying
B                               B/E B7/E
And do you think you deserve your freedom

E           B7/E      A   Am   E          G#
How could you send us all far away from home
        C#m           F#m
When you know damn well that this is all
   C#11/E                     F#m
I would still lay down my life for you
B                               B/E B7/E
And do you think you deserve your freedom

E  C#m        E   B/C#     C#m
No     I dont thiiiiiiink you do
A                       Am   E       G#
Theres no justice in the world
A                   B
Theres no justice in the world
           E
And there never was
