

El Negrito  
Música Clasica

El Negrito (from Two Venezuelan Waltzes) - Antonio Lauro (b.1917)

tabbed by Weed - August 1998

this is surely one of the loveliest guitar pieces ever written,  
and it's easy to play!

tablature explanation at the end

NOTES

bar 0 - the first 3 notes could be played on frets 5 6 & 7  
of the 2nd string in order to add some vibrato to the opening  
note which could then be lingered on slightly

bar 3 - using the 2nd finger on the 6th string, and barring the  
2nd fret of the 5th & 4th strings for the next 2 notes, and using  
the 4th finger for the 4th note of the bar, then this allows the  
first note of the bar (the G on the 6th string) to be held

bar 47 - the second note (E) could be played on the 5th fret  
of the 2nd string instead of the open top string - this would  
allow the first note of the bar (A) to overlap the E rather  
than have the open E overlap the rest of the bar
