Vers.

Em **C**
I m frustrated
G **D** **Em**
And here s where everything must end
Em **C**
So frustrated
G **D** **Em**
And all you thought you knew me well
Em **C**
I m not crazy
G **D** **Em**
Scream and shout and that won t help
Em **C**
Cause I m frustrated
G **D** **Em**
Please forgive me for what I said

Em **A**
I am abscentminded, don t know what I do
Em **A**
Where are my keys, where did I put that bloody phone
G **C**
I even don t know how to find myself
G **C**
I won t get no relief until I m dead
G **C**
I won t get no relief until I m dead

Em **C**
I m frustrated
G **D** **Em**
I am tormented by myself
Em **C**
And I hate it
G **D** **Em**
Why can t I be like everybody else
Em **C**
I m frustrated
G **D** **Em**

This is where everything must end

Em

A

Light a candle for me, these patterns I must brake

Em

A

I must be strong instead of runnin away

G

C

I won t get my relief until I m dead

G

C

I won t get no relief until I m dead

This restlessness has made me to concede

What is wrong with me, why can t I fall asleep

I won t get no relief until I m dead

I get my inner peace when I am dead
