

Goodbye
MuteMath

C
We don t have to try running from each other
Em
I read your eyes, you don t have to bother
C
Maybe we ll survive if we don t discover
Em
One life ties to another

C Cause the world won t turn if the sun won t rise

C Bm Em Bm

And the stars won t burn in a broken sky

C Bm Em Bm

And the wind won t surf if the ocean s dry

C Bm Em Bm

And my heart won t work if you say goodbye

C Bm Em Bm

If you say goodbye, if you say goodbye

C Bm Em

If you say goodbye my heart s in trouble

C
I d rather die holding one another
Em
Your hand in mine, it s easier to suffer
C
I understand why the world is out of color
Em
One life ties to another

C Bm Em Bm
Cause the world won t turn if the sun won t rise

C Bm Em Bm
And the stars won t burn in a broken sky

C Bm Em Bm
And the wind won t surf if the ocean s dry

C Bm Em Bm
And my heart won t work if you say goodbye

C Bm Em Bm
 If you say goodbye, if you say goodbye
 C Bm Em
 If you say goodbye my heart s in trouble
 C Bm Em Bm
 Oh, if you say goodbye, if you say goodbye

C **Bm** **Em**
If you say goodbye my heart s in trouble

C **Em**
Oh, before it never mattered

C **Em** **C**
And oh, oh, before it never mattered and oh, oh, oh, oh

C **Bm** **Em** **Bm**
Cause the world won t turn if the sun won t rise

C **Bm** **Em** **Bm**
And my heart won t work if you say goodbye

C **Bm** **Em** **Bm**
If you say goodbye, if you say goodbye

C **Bm** **Em**
If you say goodbye my heart s in trouble

C **Bm** **Em** **Bm**
Oh, if you say goodbye, if you say goodbye

C **Bm** **Em**
If you say goodbye my heart s in trouble
