Lyrics

Four more years ain t right for me,  
I don t think so  
Won t let them teach me how to be,  
A moneytree

That s what you are  
That s all you ll ever be  
A moneytree

They ve got you planted in the ground,  
You don t know it  
They make you put your money down,  
And they take it

Never want to be your moneytree
