Here s a very basic version of this song that I figured out in like 5 minutes.

G

Have you ever lost your mind,

G

Finding streets you couldn t find.

Am

D

Am

Have you ever been so scared in your life?

G

Yeah, the town was alive.

G

Good luck on no one s side.

Am

D

And the trip lasted long,

Am

D

Like we were trekking for days.

Am

D

But I recall, we ran, we ran away.

G

F

Along the streets in the rain,

E

Streets in the rain.

Am

You took my hands,

D

We found a place.

G

F

E

And we got away from them, away from them.

Am

D

And our day was based on fantasy.

G

But we never knew.

G

Oh, I love how we complain.

G

How our stomachs were in pain.

Am **D** **Am** **D**

And the only thing that you could do was call for your Mom.

G

Yeah, we started to shout.(We started to shout)

G

Yeah, we started to shout.(We started to shout)

Am **D** **Am** **D**

And we walked on the docks and started flowing away.

Am **D**

But I recall, we ran, we ran away.

G **F** **E**

And we got away from them, away from them.

Am **D**

And our day was based on fantasy,

But we never knew.

G5-D#5-G5-D#5

G5 **D#5**

All I know, is that we were lost boys.

G5 **D#5**

Just trying to find our way back home.

G5 **D#5**

And all I know, is that I m a crazy boy.

G5 **D#5**

Just trying to, just trying to,

Am **D**

Just trying to be someone.

(slows down)

G **F** **E** **Am** **D** **G-F-E**

We re trying to be someone-----, oh.

Am **D**

And so I ran, we ran away.

G **F** **E**

And we got away from them, away from them.

Am **D**

And our day was based on fantasy.

G

But we never knew.

Hope you liked it!
