

Drive It All Over Me
My Bloody Valentine

My Bloody Valentine, Drive It All Over Me.
Tabbed by Mitia Berkhin, meetee@online.ru.

Drive it all over me

G **C**
Cover up your windows

G **C**
Close up all the doors

G **D**
Time has come for me to really shine

Hm **C**
Pick myself up off the floor

Things that ll make yourself cry
Can be tied above the well
Helplessly withering away
But I ll never ever tell

G
Run run away run run away

Hm
Cause there s nothing left to say

C
Got no one to talk to

D
Leave me alone, I m happy to die today

Run run away run run away
Cause there s nothing left to say
Oh, the travel always gets me
Get in the car and drive it all over me

Cruelty in the winter
Happy when you re down
Pulling faces running after me
And we re sleeping underground
I didn t mean to hurt you
Didn t mean to make you sad
Wandering through all the memories
Of the good times that we had

Welcome to the fun time
We re so happy here
We ve no minds, we might as well be blind
We can lie together here
You can come down and join us

You re more than welcome to
Even though it s painful to the ears
But it might not all be true
