Sometimes

**F**

Close my eyes

**Am**

Feel me now

**F\***

**A#**

I don t know how you could not love me now

**A**

**G**

You will know, with her feet down to the ground

**F\***

**G**

Over there, and I want true love to grow

**F\***

**G**

**F**

You can t hide, oh no, from the way I feel

Turn my head

Into sound

I don t know when I lay down on the ground

You will find the \_\_ \_\_ hurts to love

Never cared, and the world turned hearts to love

We will see, oh now, in a day or two

You will wait

See me go

I don t care, when you re head turned \_\_ \_ \_\_

You will wait, when I turn my eyes around

Overhead when I hold you next to me

Overhead, to know the way I see

Close my eyes

Feel me now

I don t know, maybe you could not hurt me now

Here alone, when I feel down too

Over there, when I await true love for you

You can hide, oh now, the way I do

You can see, oh now, oh the way I do
