

Riding Horses
My Brightest Diamond

A **G**
Hey here I am
Out of hiding
Would you like to be my friend?
I think I like you
I think I like you
Yes

A **G**
Maybe we could talk about music
And Georgie s crumbs
I think I like you
I think I like you
Yeah

A **G**
And not just for what you do
Or for what you say
Or for what you were to somebody
Not for what you did
Or for what you may
For me
Yes

A **G** **F** **G**
And I know we ve had some hard times
With hard people
Hey, let s try to make new friends

A **G** **F** **G**
And I know we ve had some hard times
With hard people
Hey, let s try to make new friends

A **G**
Maybe we could pretend that
We were riding in the woods
Riding horses

A **G**
And mine would be black
And yours would be white

A **G**
Mine would be black
And yours would be white
(2x)

A **G**
Let s ride
Let s ride

A **G**

Because mine would be black
And yours would be white

A **G**

Mine would be black
And yours would be white
(2x)

A **G**

Let s ride
(3x)
