

**Early Sunsets Over Monroeville**  
**My Chemical Romance**

[Intro]

(Eb Cm Gm Bb) (x2)

[Verse 1]

Eb Cm Gm Bb Eb Cm Gm Bb  
Late dawns and early sunsets , just like my favorite scenes  
Eb Cm Gm C Bb Eb Cm Gm Bb  
Then holding hands and life was perfect, just like up on the screen  
  
Cm Gm G#m Bb  
And the whole time while always giving  
Cm Gm G#m Bb  
Counting your face among the living

[Interlude]

Eb Cm Gm Bb Eb Cm Gm Bb  
Up and down escalators , pennies and colder fountains

[Verse 2]

Eb Cm Gm C Bb Eb Cm Gm Bb  
Elevators and half price sales, trapped in by all these mountains  
Cm Gm G#m Bb  
Running away and hiding with you  
Cm Gm G#m Bb  
I never thought they d get me here  
Cm Gm G#m Bb  
Not knowing you changed from just one bite  
Cm Gm G#m Bb Cm  
I fought them all off just to hold you close and tight

[Chorus]

But does anyone notice?  
Gm  
But does anyone care?  
G#m  
And if I had the guts to put this to your head...  
Bb Gm  
But would anything matter if you re already dead?

**G#m** **Bb**  
And should I be shocked now by the last thing you said?  
**Gm**  
Before I pull this trigger,  
**G#m**  
Your eyes vacant and stained...

[Chorus]

**Bb**  
But does anyone notice?  
**Gm**  
But does anyone care?  
**G#m** **Bb**  
And if I had the guts to put this to your head...  
**Gm** **G#m**  
And would anything matter if you re already dead?  
**Bb** **Gm**  
And now should I be shocked by the last thing you said?  
**G#m**  
Before I pull this trigger,  
**Bb**  
Your eyes vacant and stained...  
**Gm**  
And in saying you loved me,  
**G#m**  
Made things harder at best,  
**Bb**  
And these words changing nothing  
**Gm**  
As your body remains,  
**G#m**  
And there s no room in this hell,  
**Bb**  
There s no room in the next,  
**Gm**  
And our memories defeat us,  
**G#m**  
And I ll end this direst.

[Chorus]

**Bb**  
But does anyone notice?  
**Gm**  
But does anyone care?  
**G#m** **Bb**  
And if I had the guts to put this to your head...  
**Gm** **G#m**  
But does anything matter if you re already dead?  
**Bb** **Gm**

And should I be shocked now by the last thing you said?

**G#m**

Before I pull this trigger,

**Bb**

Your eyes vacant and stained...

**Gm**

And in saying you loved me,

**G#m**

Made things harder at best,

**Bb**

And these words changing nothing

**Gm**

As your body remains,

**G#m**

And there s no room in this hell,

**Bb**

There s no room in the next,

**Gm**

But does anyone notice there s a corpse in this bed?
