They say you ve been pleading

Someone save us

We ll hear the sound
F
As you re falling down meds

Verso 2:

Am **E**
I m at this old hotel
Dm
Can t tell if I ve been, breathing or sleeping
F
Or screaming or waiting for the man to call
Am **E**
And maybe all of the above
Dm
Cause mostly I ve been sprawled on these cathedral steps
F
While spitting out the blood and screaming

Someone save us

Refrão:

C **G** **Am**
Heaven help us now
F **C**
Come crashing down

G **Am**
We ll hear the sound

F
As you re falling down meds

Ponte:

C
And will you pray for me?

G
Or make me say don t leave?

Am
And will you lay for me?

F
Or make a saint of me?

F
Cause I ll give you all the nails you need

G
Cover me in gasoline

E **Am**
Wipe away those tears of blood again

F
And the punchline to the joke is asking
Someone save us

Refrão:

C **G** **Am**
Heaven help us now

F **C**
Come crashing down

G **Am**
We ll hear the sound

F
As you re falling down meds

C **G**
And will you pray for me?

Am **F**
Or make me say don t leave?

C **G**
And will you lay for me?

Am
Or make a saint of me?

F
Cause I ll give you all the nails you need

G **Am**
Cover me in gasoline again
