

House Of Wolves
My Chemical Romance

Verso:

(**Em C B**)

I know a thing about contrition
Cause I got enough to spare
And I ll be grantin your permission
Cause you haven t got a prayer
I said, hey hallelujah
Well come on, sing the praise
Let the spirit come on through ya
We got innocence for days

Verso:

Well a ring around the ambulance
Like I never gave a care
I said, choir boys surround you
It s a compliment, I swear
I said, ashes to ashes, we all fall down
I wanna hear you sing the praise
I said, ashes to ashes, we all fall down
We got innocence for days

Verso:

(**Em G A**)

You better run like the devil,
Cause they?re never gonna leave you alone

You better hide em in the alley
Cause they?re never gonna find you a home

And as the blood runs down the walls
You see me creepin up these halls

We re bad motherfuckers
Tell your sister I m another
GO!GO!GO!

Tell me I?m a bad bad bad bad... man (4x)

Yes I am, Yes I am
