The End
My Chemical Romance
     G
Now come one,
Come all,
                       G D/F#
To this tragic affair,
Wipe off that make up,
What s in is despair,
      C#5
So throw on the black dress,
Mix in with the lot,
You might wake up and notice you re someone you re
not,
If you look in the mirror and don t like what you
see,
You can find out first hand what it s like to be me,
So gather round piggies and kiss this goodbye,
I encourage your smiles,
I expect you won t cry,
(G D/F\# Em C\#5 D5 C\#5 C5 D5 G D/F\# G)
Oooh,
Another contusion,
My funeral chair,
Here s my resignation,
I ll serve it in drag,
                                             D5 C#5 C5

You we got front row seats to the penitence, but

```
When I grow up I want to be nothing at all,
        G
I said yeah,
\mathbf{Em}
Yeah,
       C#5
I say yeah,
C5
Yeah,
Come on,
       G
I say save me!
(Get me the hell out of here!)
Em
Save me!
(Too young to die and I dare;)
     C#5
You can t...
(If you can hear me, just walk away)
    C5
...Save me!
