**D2**

**Em**

And I know, that s just the way it goes

**Em**

In funny old place under the street light

**D2**

Face to face, here on our last night

**C2**

**D2**

**Em**

You should know, one thing before you go

**C2**

**D2**

**Em**

I tell her, we ve gone too far to give up now

**C2**

**D2**

**Em**

And like a bomb, it all comes out (I like the way that..)

**Em**

**G**

**D2**

**Em**

She looks at me like nobody else, like nobody s ever done

**Em**

**G**

**D2**

**Em**

She makes me feel like nobody else, like nobody s ever done

**Em**

By the twenty-seventh she s been gone for weeks

**D2**

I m terrified she won t remember me

**C2**

**D2**

**Em**

And I know, that s just the way it goes

**Em**

I stare at her picture, stuck up on the fridge

**D2**

Face to face with the one I miss

**C2**

**D2**

**Em**

I m alone, and reaching for the phone

**C2**

**D2**

**Em**

I tell her, we ve gone too far to give up now

**C2**

**D2**

**Em**

And like a bomb, it all comes out (I like the way that..)

**Em**

**G**

**D2**

She looks at me like nobody else, like nobody s ever done

**Em**

**G**

**D2**

She makes me feel like nobody else, like nobody s ever done

**Em**

**G**

**D2**

And I wanna make her feel like nobody else, like nobody s ever done

**Em**                    **G**                    **D2**  
And I wanna make her feel like nobody else, like nobody s ever done

**Em**  
Back from the city standing in the rain

**D2**  
Asked if she d be going back again

**C2**                    **D2**                    **Em**  
She said no, this time I m staying home

**Em**    **G**                    **D2**  
She looks at me like nobody else, like nobody s ever done

**Em**    **G**                    **D2**  
She makes me feel like nobody else, like nobody s ever done

**Em**                    **G**                    **D2**  
And I wanna make her feel like nobody else, like nobody s ever done

**Em**                    **G**                    **D2**  
And I wanna make her feel like nobody else, like nobody s ever done

**Em**                    **G**  
Like nobody I
