

The World Belongs To Me
My Darkest Days

Cm

I look to the sky but there s nobody

F

watchin . Left here

Cm

behind, all alone and forgotten

So now the world belongs to me

C

The world

F

belongs to me

D#

So many

A#

roads that I ve taken

F

When nobody thought I could make it

A#

And even though I

C

had to go it alone

F

I still survived

C

When you live

A#

in the darkness

There s always

Adim

confusion

Sometimes your mind will provide the

A#

illusion

And your life can change in the blink of an eye, yeah

I look to the sky but there s nobody watchin

Left here behind all

C

alone and

F

forgotten

So now

D#

the world

A#

belongs to me

To

C

live

F

and to die by the word

A#

that is spoken

The legend s a

F

lie and the silence is

A#

broken

So now the

C

world belongs to me

The world belongs

A#

to

me

I

C

opened a box full of secrets

Where

F

the strongest of thoughts

A#

couldn t keep them

And even though I was the

F

last to know

They were livin inside

When you see through the darkness

A#

And find the solution

D#

How quickly your

F

eyes will remove the illusion

You know our life is

C

gonna

change

F

In the blink

D#

of an eye, yeah,

A#

yeah

I look

F

to the sky

G#

but there s nobody watchin

Left here behind, all alone

F

and

forgotten

So

D#

now the world

A#

belongs to me

To live and to die by the word that is spoken

The legend s a lie and the silence is broken

So now the world belongs to

D#

me

A#

The world belongs to me, yeah, yeah

Someone s got

D#

to

A#

show you goin

Dm

that way, yeah, yeah

There

F

was nothing standing in my way, yeah,
A#
yeah

I look
F
to the sky but
D#
there s nobody watchin

A hero was born from
F
a soul that s forgotten

So now
A#
the world belongs to
C
me

To live and
G#
to die by
A#
the word
C
that is spoken
The legend s a lie and the silence is broken

So now the world belongs
