

**Bigger Than Love**  
**My Favorite Highway**

**Em** **C**  
We ve all got scars as big as ours  
**G** **D**  
A token for the pain we hide inside of us  
**Em** **C**  
Everyone s scared that somebody knows  
**G** **D**  
You keep it inside, yeah, that s how it goes  
**Em** **C**  
If you ve ever heard a beating heart  
**G** **D**  
A rhythm for the songs we re too afraid to sing  
**Em** **C**  
Nobody here is perfectly fine  
**G** **D**  
A delicate frame, a fragile design

(Same chords throughout)

If there s a hole in your heart  
You gotta pull it together  
It takes the courage to start  
But now is better than never  
It takes a push and a shove  
Somehow it s never enough  
And it s alarming how quick you could forget that

Nothing s bigger than love  
Nothing s bigger than love  
Nothing s bigger than love  
All you need, all you need is love

Some people change and some just won t  
You can t take back the words you wish you d never said  
Promises break and lovers will lie  
You hold up your hands and let out a sigh  
So smile right before you fall  
And lay beside this mess and call it consequence  
Somebody said that life isn t fair  
When somebody else was saying a prayer

No one s taking me out  
Nothing s pulling me down  
I turn my head to the crowd  
This love is big and it s loud

This is the car in the crash

This is the light in the flash  
This is the answers you know  
But you re just too scared ask

If there s a hole your heart  
You gotta pull it together  
It takes the courage to start  
But now is better than never  
It takes a push and a shove  
Somehow it s never enough
