

Bigger Than Love
My Favorite Highway

Em **C**
We ve all got scars as big as ours
G **D**
A token for the pain we hide inside of us
Em **C**
Everyone s scared that somebody knows
G **D**
You keep it inside, yeah, that s how it goes
Em **C**
If you ve ever heard a beating heart
G **D**
A rhythm for the songs we re too afraid to sing
Em **C**
Nobody here is perfectly fine
G **D**
A delicate frame, a fragile design

(Same chords throughout)

If there s a hole in your heart
You gotta pull it together
It takes the courage to start
But now is better than never
It takes a push and a shove
Somehow it s never enough
And it s alarming how quick you could forget that

Nothing s bigger than love
Nothing s bigger than love
Nothing s bigger than love
All you need, all you need is love

Some people change and some just won t
You can t take back the words you wish you d never said
Promises break and lovers will lie
You hold up your hands and let out a sigh
So smile right before you fall
And lay beside this mess and call it consequence
Somebody said that life isn t fair
When somebody else was saying a prayer

No one s taking me out
Nothing s pulling me down
I turn my head to the crowd
This love is big and it s loud

This is the car in the crash

This is the light in the flash
This is the answers you know
But you re just too scared ask

If there s a hole your heart
You gotta pull it together
It takes the courage to start
But now is better than never
It takes a push and a shove
Somehow it s never enough
