Verse 1:

**G** **D** **Em**  
The tank is nearly empty. Yet I drive on.  
**G** **D** **Em**  
I will keep on moving till the memory is gone  
**G** **D**  
I can still see you sitting there  
**C**  
Floating you hand in the air  
**G** **D** **Em**  
Such a small effort to make you fly  
**G** **D** **Em**  
Yet such great pains to make you care.

Chorus 1:

**G** **D**  
The idea  
**C**  
of the journey  
**G** **D** **Em**  
For every end a new beginning.

Verse 2:

**G** **D** **Em**  
The road winds back behind me the rearview frames our past  
**G** **D** **C**  
Each mile that separates us. My future is painless  
**G** **D** **Em**  
The past is blameless Stark contrast

Chorus 3:

**G** **D**  
The idea  
**C**  
of the journey  
**G** **D** **Em**  
For every end a new beginning.

Verse 3:

**G** **D** **Em**

My mind begins to wander where do I go from here.

**G** **D** **Em**

Do I have it in me can I fight this fear

**G** **D**

I can still remember you and I

**C** **Em**

Feeling so young feeling so alive

**G** **D**

An army of two against the world

Bridge:

**C**  
But then the recollections force

**Am**  
themselves into my brain, into my brain.

**G**  
Slamming doors.

**C**  
Breaking wills.

**G**  
Fighting back.

**C** **Em**  
I want you still.

Chorus 4:

**G** **D**

The idea

**C**  
of the journey

**G** **D** **Em**

For every end a new beginning.

Verse 4:

**G** **D**  
My hands have lost their tremor

**C**  
Though how easy to remember

**G** **D** **Em**

How I reached this place I ll never doubt.
