**My Friend Lisa**

Summer Song  
My Friend Lisa  
Capo: 3rd

Verse 1:

**G** **C**  
Lying in the grass staring up at the leaves shimmering there  
**G**  
Listen to the buzz, dragonflies and bumblebees  
**C**  
Grass fresh with dandelion seeds  
**D** **C** **G**  
Collecting pussy willows, honeysuckles too

Verse 2:

**G** **C**  
Handstands and cartwheels on the front lawn  
**G**  
Tumbling down hills, hair collecting grass and leaves  
**C**  
Killing summer a day at a time with ease  
**D** **C** **G**  
Capturing perfect moments, we only need a few

Verse 3:

**G** **C**  
Sunset light show from the hood of the car, hands behind my head  
**G**  
Back inside as night rolls in  
**C**  
Watch old movies, wait to do it all over again  
**D** **C** **G**  
Reception gone, Station closed, static in my view

Bridge:

**C** **Em**  
Remember the days when?  
**A7**  
Sunset meant Curfew  
**A7** **A**  
Swing sets and teeter-totters  
**A7** **A**  
Running barefoot over sprinkler d lawns  
**A7** **A**  
Dickie Dee Bells and popsicles  
**A**  
Summer friendships that would last forever

Verse 4:

**G** **C**  
Lying in the grass staring up at the leaves shimmering there  
**G**  
Listen to the buzz, dragonflies and bumblebees  
**C**  
Grass fresh with dandelion seeds  
**D** **C** **G**  
Collecting pussy willows, honeysuckles too

Verse 5:

**G** **C**
