Tabbed by: Dev Chopra

Great song this. I first heard it a few days ago and couldn't stop singing it so had to work it out.

I play this with a capo at the 2nd fret and use a G-shape although the song is in A. That way I can pick G# A# on the top string in the verse, which is a key part of the melody. something like this:

Capo: 2nd fret

```
E-----2---3-|
B-3-----3---3---|
G-----0-----|
D---0-----|
A-----|
E-3-----|
```

G C Bm Am7 D C Bm Am7

G

Vivid as a plane wreck

Spilled out on the tarmac

C Bm Am7

I can feel my legs begin to quake

D C

Oh I love to wear disguises

Bm Am7

But I hate this masquerade

C D

Baby you and me

C D

Although we're thick as thieves

Am D G

The only time I love you's when you leave

Pulling teeth and deep stares

Strung out in the Spring air

C **Bm** **Am7**

I ll just hang my head on out to dry

D **C**

I could fake forever

Bm **Am7**

But it s just not worth the time

G

Finger snaps and hand claps

Leapfrog over deep cracks

C **Bm** **Am7**

A contradiction falling in the ground

D **C**

I m a misery without you

Bm **Am7**

It s just like you re still around

C **D**

Baby you and me

C **D**

Although we re thick as thieves

Am **D** **G**

The only time I love you s when you leave

Timid as a tape deck

Spilling out the same shit

C **Bm** **Am7**

My attention span left long ago

D **C**

But there s comfort in the knowledge

Bm **Am7**

That I ll probably die alone

C **D**

Baby you and me

C **D**

Although we re thick as thieves

Am **D** **G**

The only time I love you s when you leave

C **D**

Baby you and me

C **D**

As funny as it seems

Am **D** **G**

The only time I love you s when you leave

Am **D** **G**

The only time I love you s when you leave
