C#                                             G#
Night is creeping through our neighbourhood
                        Bbm
Tucking in the indian sun
                                     C#
Throwing shadows on the asphalt plane

C#                               G#
Kids playin baby if you love me smile
                                     Bbm
Saying I love you, but i just cant smile
                             C#
And laughing cuz its just a game

deny ourselves in the wake of a world

thats stuck behind traffic lights
                         C#
no longer do i need to be be blinded

from the things that i desire
```

the things that i desire

My friends, feels like theyre aging at a rapid pace
Soft faces in a hard parade
left with no one but themselves to blame

Snow never seems to find its way down south
always waiting for a season to change
never get to see the Ice Capades
