C#                                            G#
Night is creeping through our neighbourhood
                          Bbm
Tucking in the indian sun
                                    C#
Throwing shadows on the asphalt plane

C#                              G#
Kids playin baby if you love me smile
                                    Bbm
Saying I love you, but i just cant smile
                              C#
And laughing cuz its just a game

deny ourselves in the wake of a world
                            F#
thats stuck behind traffic lights
                            C#
no longer do i need to be be blinded
                      G#
from the things that i desire
```

the things that i desire

My friends, feels like theyre aging at a rapid pace
Soft faces in a hard parade
left with no one but themselves to blame

Snow never seems to find its way down south
always waiting for a season to change
never get to see the Ice Capades
