Miss you
Mymp

FM7 **Em7** **Dm7** **G** **C9**
Miss you miss you haaa haaa haaa

C9 **Bm7** **E** **Am7**
Everyday and every night, this feeling Iâ€™d fight

(G)Am7 **FM7** **Em7**
Try as I might but I wonâ€™t win, I surrender, Iâ€™d die
 Dm7 **G**
You are winning here alright

C9 **Bm7** **E** **Am7**
Every morning when the sun would shine on me
 (G)Am7 **Dm7**
Iâ€™d flash a smile but deep inside

Em7
I feel so sad and lonely
FM7 **G**

I need you here and now
C9 **E**
I miss you oohh

Am7 **(G)Am7** **FM7**
Itâ€™s crazy to pretend that I donâ€™t think of you
 (E)G **Dm7** **G**
The more this feeling just seems to grow and grow

C9 **E** **(G#)E**
I miss you oohh

Am7 **(G)Am7**
Oh how much longer can I hold on to

(E)G **Dm7** **G** **C9**
Maybe you can come and tell me that you miss me too

FM7 **Em7** **Dm7** **G** **C9**
Miss you Miss you haa haa haaa

All I want is for this love to last forever
You walked away, never came back, oh I tried to recover
I canâ€™t bear it boy alright
When I hear a song that we had used to share
Iâ€™ll try as I might to hide the tears, and when the pain is over
Iâ€™ll wish that you are near

I miss you

It's crazy to pretend that I don't think of you
The more this feeling just seems to grow and grow

I miss you

Oh how much longer can I hold on to

Maybe you can come and tell me that you miss me too

Miss you
