Intro: **Bb F** x2

Chorus:

Bb **F F7**
No, don t give up and take life as it is
Bb **F**
Think there s no chance,that you would live again

Bb **F**
Why so much stress, don t you have gains to get?

G
We all do, even you

Eb **F**
And the more you seek the more you find, then

Bb **F**
Love, night and rain - life is good
So try to luck and kill the pain

G
Tell me, do you always think you have no worth

Eb **F7**
Find it in yourself

Chorus...

This country s like a psychedelic trip
You can t change anything
Go and make use of it
Your life belongs to you, yourself
Make more mistakes now and make up for them
And when you re down you will rebound
Bravely use your time
Or you may miss your only chance

Chorus...

Bb **F**
So take a breath and think again, life can make sense

Just take it all the way it is
So push and change and try again, go forward safe
And take life all the way it is
Do change your life, stand up and fight, go forward safe
