

Flakes

Mystery Jets

This is just my simplified version of the tabs already here which I find much easier to play.

Basically you re just using F, C, Am and G all throughout. Listen to the song and you ll the rhythm right.

F **C**
This song
Am **G** **F**
Is one I never thought that I d play
 C
But if you want me gone
 Am **G**
There are kinder ways to say
F **C** **Am** **G**
So long than spitting in my face

F
They donâ€™t teach these things in school

They just lay down the rules
 C **Am** **G**
Which are there for you to break
 F **C** **Am** **G**
Which are there for you to break

F **C**
If Iâ€™m wrong
 Am **G** **F**
Then dust me off and put me in my place, but
 C
Drop a bomb
 Am **G** **F**
Shall you blow me away without even a trace?
 C **Am** **G**
Iâ€™ll be gone and I wonâ€™t give chase

F
â€™Cause when youâ€™re in pieces, you pick up the bits, and nothing fits, and
the wind blows
 C **Am** **G**
You away
 F **C** **Am** **G**
Oh, the wind blows you away
 F **C** **Am** **G**
Oh, the wind blows you away

F **C** **Am** **G**
Oh, the wind blows you away

[vocalization]

F **C**
I pray
Am **G** **F**
There will come a time when I think of you and I smile

C
These days

Am **G** **F**
Everything seems to last only a while

C
Remember the names

Am **G**
For the day when weâ€™d have a child

F
But the trouble with dreams, theyâ€™re not what they seem, â€™cause when you
awake, they
through your fingers

C **Am** **G**
In flakes

F **C** **Am** **G**
They fall through your fingers in flakes

F **C** **Am** **G**
They fall through your fingers in flakes

F **C** **Am** **G**
They fall through your fingers in flakes
