

**All Is A Game**  
**Nada Surf**

I have been searching the internet FAR and WIDE and could not find anything except some guy covering this song on youtube (his version is way better but I can't really make out what he's playing) This is my first entry so bare with me.

**Am** **Em**  
Do you wake up and lie there

**C** **G**  
And think it through?

**Am** **Em**  
Is the weight of your own life  
**C** **G**  
Too much for you?

Well  
**C** **Em** **G**  
[it all is a game, yeah  
**Em**  
You forgot to play  
**C** **G**  
You did ]x2

**Am** **Em** **C** **G**  
Woke up and hour after the clock  
**Am** **Em**  
Remembered the details  
**C** **G**  
And wanted to stop  
**Am** **Em**  
The stakes in my life  
**C** **G**  
Are going so far up  
**Am** **Em**  
That my fingers are like  
**C** **G**  
Haven't you had enough

**Am** **Em** ( it goes like this for most of the verses  
(**Am**, **Em**, **C**, **G**)  
But first i gotta find money  
I gotta get lunch  
Tell me something funny  
Coz i'm cracking up  
And later when i see stars  
I'll know i'm alright  
I go scary far  
From the dark to the light

But

**C**

**Em**

**G**

[it all is a game, yeah

Em (?)

You forgot to play

**C** **G**

You did ]x2

( I HAVE NO IDEA b.c there are bar chords involved... )

The stove is open coz it s cold

Got a stack of possessions to be sold

There s a hallway to a doorway

To a room that you re in

And in there all day

The walls are you say

The sky s whatever you say

[it all is a game, yeah

You forgot to play

You did]x4
