

All Is A Game
Nada Surf

I have been searching the internet FAR and WIDE and could not find anything except some guy covering this song on youtube (his version is way better but I can't really make out what he's playing) This is my first entry so bare with me.

Am **Em**
Do you wake up and lie there

C **G**
And think it through?

Am **Em**
Is the weight of your own life

C **G**
Too much for you?

Well
C **Em** **G**

[it all is a game, yeah
Em

You forgot to play
C **G**

You did]x2

Am **Em** **C** **G**
Woke up and hour after the clock

Am **Em**
Remembered the details

C **G**
And wanted to stop

Am **Em**
The stakes in my life

C **G**
Are going so far up

Am **Em**
That my fingers are like

C **G**
Haven't you had enough

Am **Em** (it goes like this for most of the verses
(**Am**, **Em**, **C**, **G**)

But first i gotta find money
I gotta get lunch
Tell me something funny
Coz i m cracking up
And later when i see stars
I ll know i m alright
I go scary far
From the dark to the light

But

C

Em

G

[it all is a game, yeah

Em (?)

You forgot to play

C **G**

You did]x2

(I HAVE NO IDEA b.c there are bar chords involved...)

The stove is open coz it s cold

Got a stack of possessions to be sold

There s a hallway to a doorway

To a room that you re in

And in there all day

The walls are you say

The sky s whatever you say

[it all is a game, yeah

You forgot to play

You did]x4
