

**At The Moment**  
**Nadeah**

Intro: **A C# F#m D A C#**

Strophe 1, 2:

**A** **C#** **F#m**  
While living out the boot of my hire car  
**D** **A** **C#**  
I drove across the ocean of a charcoaled heart  
**A** **C#** **F#m**  
Freefalling from the edge of a packet of 10ml nitrazepam pills  
**D** **F** **E**  
I guess I misplaced my taste for survival skills

**A** **C#** **F#m**  
Sat thinking â€˜bout the ways of suicide  
**D** **A** **C#**  
And how lovely it would be to take that ride  
**A** **C#** **F#m**  
Right here with a bottle of wine and that pack of nitrazepam pills  
**D** **C#** **F#m**  
â€˜Till I saw my messiah rolling down them hills

Refrain:

**A**  
And then he  
**F#m**  
Was telling me that our love  
**D**  
Was something from above  
**A** **E**  
And something I could hardly see  
**C#** **D**  
A love, not held by space or time  
**H7**  
A love that was divine  
**A** **C#**  
A love that I could hold and keep

Zwischenspiel: **A C# F#m D** x2

Strophe 3:

**A** **C#** **F#m**  
â€˜Hey girl, would you care to rescue me?â€˜  
**D** **A** **C#**  
â€˜Oh, I think Iâ€™m kinda busy canâ€™t you see?â€˜  
**A** **C#** **F#m**  
â€˜Well what â€™bout tomorrow maybe we could have us a breakfast for three?â€˜
