

**Maa
Nagarbaul**

hi everyone, once again we meet. is this cool or what... behold, the TAB for Maa by

Nagar Baul(james)!

the song arrangement exclusively concentrates on the keyboard as opposed to guitars.

the forum member that requested for this song being a keyboardist, I transcribed it

(or rather the solo parts) for both keys and guitars. hope you find it helpful, whether

you re a guitarist or a keys player.

here s the lyrics...
