

**Walk In Cold
Naked Raygun**

C

Ever consider
From boiling water the residue?
A sea full of people
But after the action who s left with you?

F

They re standing on others.
You re standing on hope to see you through.

C

The atmosphere s waning
They stand on your toes they breathe with you

With heart of cold and mind of child

C

I swear it s not the way I thought it would be

C

And of the others?
Fools in a glass house throwing stones
Delusions of lacking
Unless one can top it leave it alone

F

A no - alee dream place
Where waves in my blood crash violent tone

C

And after all effort
The pain and the rain claim you their own

*The bass plays Eb here, so it sounds slightly strange. If you don t have a bassist playing with you, you could play it as Em/Eb or just Eb if you want.
