

Galaxies

Nana Grizol

Capo 1st Fret

Verse 1

D **G**
What you now are seeking,
Em **A**
Hope to realize.
D **G**
Don't give it till the weekend
Em **A**
It will take weeks, months, years, it will take you your whole life

Verse 2

D **G**
Cuz it's not a question of the convalescing kind.
Em **A**
It's the thought that lives in the back of your mind.
D **G**
It is a story told with many different endings;
Em **A**
Somehow it will always sound the same.

Verse 3

D **G**
It's like the dreams we chase these days, and well, they all have patents
pending,
Em **A**
But none of them ever seem to hold your name,
D **G** **Em Em A** **Em Em A**
Your name, your name, your name.

Verse 4

D **A** **D** **A**
So we tried to figure out why you never think about anything smaller than
Em Em A **Em Em A**
Galaxies.
D **A** **D** **A**
While you spend eons wondering what happened to our thundering;
Em Em A **Em Em A**
It's gone.
