

Even Now

Nana Mouskouri

Capo 2

G C D G G C D G

oooo oooo.....

G **C**
Moon in the sky softly creeping

D **G**
Over the time from above

C
And I lie awake hardly sleeping

D **G**
So lonely for only your love

C
Even now, each night, I remember

D **G**
Days of summer when blossoms filled each bough

C
In the cold, gray days of December

D **G**
My darling, I miss you even now

C
When will I see you again?

D **G**
Come to my arms where you belong

C
My world will be empty till then

D **G**
For you are the words to my song

C
Even now, each night, I remember

D **G**
Days of summer when blossoms filled each bough

C
In the cold, gray days of December

D **G**
My darling, I miss you even now

C
In the cold, gray days of December

D **GCG**
My darling, I miss you even now
