Since the song is originally done with a folk band and violins it is really up to you what strumming pattern you d like to choose.

C **F** **C** **F**
When I wake in the night and find that I m dreaming
 C **F** **C**
You re the first thought in mind
 C **F** **C** **F**
Love s a fair weather friend when you re lonely
 Am **C** **G** **C**
You are my summer state of mind

CHORUS

F
Does it sing to you nightly?
 C
Does it lay down beside you?
 Dm **C** **F** **G**
Does it make you hear songs on the radio?
 C **Am** **F**
It once was my shadow, grown weary of travel
 G **C**
Till you gave it home

C **F** **C** **F** **C** **F** **Am**
What makes the love grow when the seasons change
C **F** **C** **F**
What makes the love grow?
 Am **F**
It s simple it s comes
 G **C**
And it grows on its own

CHORUS
