SPEED OF THE SOUND OF LONELINESS (John Prine)

[Nanci Griffith s version is actually in C, with
a capo on the 5th fret.]
[Each chord is one 2/2 measure]

G G C C D D G G
[intro]

G G C C
You come home late and you come home early
D D G G
You come on big when you re feeling small
G G C C
You come home straight and you come home curly
D D G G
Sometimes you don t come home at all

G G C C
So what in the world s come over you
D D G G
And what in heaven s name have I done
G G C C
You ve broken the speed of the sound of loneliness
D D G G
You re out there running just to be on the run

Well I got a heart that burns with a fever
And I got a worried and a jealous mind
How can a love that ll last forever
Get left so far behind

So what in the world s come over you
And what in heaven s name have I done
You ve broken the speed of the sound of loneliness
You re out there running just to be on the run

[Instrumental, same chords as one verse]

It s a mighty mean and a dreadful sorrow
It s crossed the evil line today (?)
How can you ask about tomorrow
When we ain t got one word to say

So what in the world s come over you
And what in heaven s name have I done
You ve broken the speed of the sound of loneliness
You re out there running just to be on the run

So what in the world s come over you
And what in heaven s name have I done
You ve broken the speed of the sound of loneliness
You re out there running just to be on the run
You re out there running just to be on the run

D D G C D G.
You re out there running just to be on the run
