The End

**A**    **C#m**    **D**    **E**  
At the end of the rainbow, you ll find a pot of gold  
**A**    **C#m**    **D**    **E**  
At the end of a story, you ll find it s all been told  
**A**    **F#m**    **Bm**    **E**  
But our love has a treasure our hearts can always spend  
**A**    **F#m**    **Bm**    **E**  
And it has a story without any end

At the end of a river the water stops it s flow  
At the end of a highway there s no place you can go  
But just tell me you love me and you are only mine  
**A**    **F#m**    **Bm**    **E**   **A**   **F**  
And our love will go on till the end of time
