Treading Water Nashville Cast [Intro] **G D C** x2 [Verse] You said it was gonna be different this time I was on the road, I swore I d find Was gonna be the girl that always knew I d be But I burned too hot, too fast, too bright A falling star bound to lose its shine I m right back where I said I wouldn t be Stick around then you will see [Chorus] Em I m just treading water G Trying not to drown Em While you re standing on the edge With both feet on the ground Em If you only knew How far you d have to fall Then baby you wouldn t want me at all

[Verse]

G Took my hand, said it s okay We re all messed up in our own way There s room enough for two here in the dark But I don t think you really get How often I m a losing bet I m gonna wreck it all and watch it fall apart Stick around and you will see [Chorus] I m just treading water Trying not to drown Em While you re standing on the edge With both feet on the ground If you only knew How far you d have to fall Am Then baby you wouldn t want me at all
