

## Illuminated

Nat and Alex Wolff

Written By Nat Wolff.

From the album Black Sheep.

Note: The chords sound better if you turn them into power chords, I put the actual ones on here for reference.

INTRO/VERSE:

B|-----|
G|-----|
D|-----2-----2-----|
A|---2-6-0-----2-6-0-----|
E|--0-4-----0-4-----|
```

Play the riff above through the verse.

In my room I wonder why  
I am bare and hollow  
In my eyes I look for light  
And I try to follow

In the wind my words appear  
To unfold their meaning  
Will they voice the things I fear  
Or everything I m dreaming

Chorus:

N.C.      **F#**          **G#**          **A#**  
**F#**                      **G#**

Am I illuminated? Am I as bright as a streetlight? Is this an illuminated

**A#**  
dream?

**F#**          **G#**          **A#**                      **F#**  
Am I illuminated? Am I as bright in a dark night? Is this an illuminated

**G#** (Hold)  
dream?

In my room I search myself  
But the truth is fleeting  
Suddenly and everywhere  
It is you I m seeing

I can feel you oh so near  
Will we find our meaning?

Chorus:

N.C.        **F#**            **G#**            **A#**

**F#**                    **G#**

Am I illuminated? Am I as bright as a streetlight? Is this an illuminated
