

## Illuminated

Nat and Alex Wolff

Written By Nat Wolff.

From the album Black Sheep.

Note: The chords sound better if you turn them into power chords, I put the actual ones on here for reference.

Play the riff above through the verse.

In my room I wonder why  
I am bare and hollow  
In my eyes I look for light  
And I try to follow

In the wind my words appear  
To unfold their meaning  
Will they voice the things I fear  
Or everything I m dreaming

Chorus:

N.C.      **G**          **A**          **B**  
**G**                  **A**

Am I illuminated? Am I as bright as a streetlight? Is this an illuminated

**B**  
dream?

**G**          **A**          **B**                          **G**  
Am I illuminated? Am I as bright in a dark night? Is this an illuminated

**A** (Hold)  
dream?

In my room I search myself  
But the truth is fleeting  
Suddenly and everywhere  
It is you I m seeing

I can feel you oh so near  
Will we find our meaning?
