

## Illuminated

Nat and Alex Wolff

Written By Nat Wolff.

From the album Black Sheep.

In my room I wonder why  
I am bare and hollow  
In my eyes I look for light  
And I try to follow

In the wind my words appear  
To unfold their meaning  
Will they voice the things I fear  
Or everything I m dreaming

Chorus:

N.C.      **G#**          **Bb**          **C**  
**G#**                      **Bb**

Am I illuminated? Am I as bright as a streetlight? Is this an illuminated

**C**  
dream?

**G#**          **Bb**          **C**                      **G#**  
Am I illuminated? Am I as bright in a dark night? Is this an illuminated

**Bb** (Hold)  
dream?

In my room I search myself  
But the truth is fleeting  
Suddenly and everywhere  
It is you I m seeing

I can feel you oh so near  
Will we find our meaning?
