**Natalie Imbruglia**

Really easy song here! There might be a few mistakes - I m getting through the whole of her new album and it s tiring work! But yeah, really nice easy song to play. Great for beginners. Simple rythm. :) Have fun. Email [certain\\_tragedy@hotmail.com](mailto:certain_tragedy@hotmail.com) for any help.

VERSE 1

**C** **G**  
When I say it doesn t matter  
**Fmaj7** **Am**  
It matters most of all  
**C** **G**  
You re not up for conversation  
**Fmaj7** **Am**  
So I m blinded by it all  
**C** **G**  
The further away you push me  
**Am** **Fmaj7**  
The closer I feel to you

**C**  
Every fall, every crash  
**G** **Am**  
Everything that was never meant to be  
**F**  
All the perfect little things I can t release  
**C**  
All the nights  
**G** **Am**  
Everytime we were just about to leave  
**F**  
Now makes no sense to me  
But it seems that when we fall  
That s when we land  
**C**  
Perfectly

And I cannot feel the ground  
This place that we exist in  
Is the sweetest thing I ve found  
The further away you push me  
The closer I feel to you
