

Come Cryin To Me
Natalie Maines

Come Cryin To Me
Capo 4

EM A EM A

EM C
Dragging around
The sins of your father
Handed on down
From one to another
Spinning new wheels
From lover to lover
Afraid to come now
From under the covers

G F C D#
When the world s on your shoulders
And you just feel like hiding
When there s nowhere to run to
You can come crying
Come crying to me

EM A

EM C
You know how to fly
On the wings of disaster
You try to stand still
But you keep going faster
And faster
You thought it d be easier
In California
The tables will turn
And they won t even warn you

G F C D#
When the world s on your shoulders
And you just keep on sliding
When there s nowhere to run to
You can come crying

C
Come crying to me

C **D**
When the night seems colder
C **Em D**
But the sun s gonna shine

D. EM. C

I won t leave you behind

Em A C AM7

G F C D#

When the world s on your shoulders

And you can t keep confiding

When there s nowhere to run to

You can come crying

When the world s on your shoulders

And you can t keep from hiding

When there s nowhere to run to

You can come crying

Come crying to me
