

**Come Cryin To Me**  
**Natalie Maines**

Come Cryin To Me  
Capo 4

**EM A EM A**

**EM C**

Dragging around  
The sins of your father  
Handed on down  
From one to another  
Spinning new wheels  
From lover to lover  
Afraid to come now  
From under the covers

**G F C D#**

When the world s on your shoulders  
And you just feel like hiding  
When there s nowhere to run to  
You can come crying  
Come crying to me

**EM A**

**EM C**

You know how to fly  
On the wings of disaster  
You try to stand still  
But you keep going faster  
And faster  
You thought it d be easier  
In California  
The tables will turn  
And they won t even warn you

**G F C D#**

When the world s on your shoulders  
And you just keep on sliding  
When there s nowhere to run to  
You can come crying

**C**

Come crying to me

**C**

**D**

When the night seems colder

**C**

**Em D**

But the sun s gonna shine

**D.            EM.            C**

I won't leave you behind

**Em A C AM7**

No you won't stay behind

**G F C D#**

When the world's on your shoulders

And you can't keep confiding

When there's nowhere to run to

You can come crying

When the world's on your shoulders

And you can't keep from hiding

When there's nowhere to run to

You can come crying

Come crying to me

Come crying to me

When the world's on your shoulders

Come crying to me

When you just feel like hiding

You can come crying

Come crying to me

Come crying to me

Come crying to me

End on **C**
