Just like a shadow

I ll be beside you

I ll be your comfort

And let it guide you home

I will provide you a place of shelter

I want a be your zone

**Bm G D A**

Tell me what to do

Tell me what you wanted me to do

I ll make you great to be a man

With a woman who can stand

Who will never promise to leave her man

Making vows to please her man

**Bm G D A**

If I could be your angel

Your angel, Your angel

Protect you from the pain

I ll keep you safe from danger

You ll never hurt again

I ll be your a.n.g.e.l

I m gona be your a.n.g.e.l

I ll be your angel

**Bm G D A**

Just like the moon

I ll step beside

And let your sun shine

While I follow behind

Cause baby what ya got

It is with all the props

With everything I m not

**Bm G D A**

Tell me what to do

Tell me what you wanted me to do

I ll make you great to be a man

With a woman who can stand

Who will never promise to leave her man

Making vows to please her man

**Bm G D A**

If I could be your angel  
Your angel, Your angel  
Protect you from the pain  
I ll keep you safe from danger  
You ll never hurt again  
I ll be your a.n.g.e.l  
I m gona be your a.n.g.e.l

**Bm G D A**

Tell me why there s so many good men  
And the world s misunderstood  
He s a dog, he s no good  
I wish somebody would  
Disrespect my man  
You re gona have to come see me  
I go hard for my baby  
He s all that I need

**Bm G D A**

So if you got a good one  
Put your hands up,  
Come on girl and stand up  
Go ahead lift your man up  
Get up  
If you got a good one, put your hands up  
Go ahead lift your man up  
Get up  
If you got a good one, stand up  
Come on girl, and stand up

**Bm G D A**

If I could be your angel  
Your angel, Your angel  
Protect you from the pain  
I ll keep you safe from danger  
You ll never hurt again  
I ll be your a.n.g.e.l  
I m gona be your a.n.g.e.l  
I ll be your angel
